Fax: (260) 696-5132

Clinic Nurse: (260) 696-5232

Clinic Fax: (260) 696-5233

Septic Search Form

The Noble County Health Department is asking for you to fill out a septic search form to assist in the search for your septic records. Our septic records are filed in alphabetical order by the owner at the time the septic was installed. The Noble County septic records are only available for homes built after April, 1999. If a septic was done on the home was original built, we would have a record for the older homes with newer septic.
